

# SALUTE TO OUR GALLANT COVID-19 FRONTLINE SOLDIERS

---

As we stay home, wash our hands, sanitize, wear face masks and social distance, you stoically soldier on as you face this invisible enemy Cononavirus in hospitals, streets and other fronts.

We SALUTE you 

\*\*\*\*\*

As our families and ourselves isolate, you're out there in the war trenches fighting to keep us safe. May the Almighty protect you and your families too.

We SALUTE you 

\*\*\*\*\*

As we defy and flout health protocols and curfew rules, you're there for us when we fall sick and you further endure indignity as you dispatch us to our Maker.

We SALUTE you 

\*\*\*\*\*

We pray to the most high to remember as you discharge your daily deeds to elevate human suffering. Today.

We SALUTE you 

\*\*\*\*\*
